Split, Mixed Firewood

Our mixed firewood consists of a combination of: Spruce, Cherry, Maple, Ash, Pine and Poplar and a few other species. All of our mixed wood is made up of **recycled urban trees** that would ordinarily wind up in a landfill. You can rest easy knowing your firewood was not harvested from any natural forest.

Quantity	Pickup	Delivery
20"x 30" Bag	7/ea	N/A
1/3 cord (short box on truck – level load)	100	195
1/2 cord (long box on truck – level load)	125	220
Full cord (8ftx4feetx4feet)	210	305

For Delivery outside City Limits add .50 per km round trip

Custom Wholesale Delivery

We can also develop custom bagged firewood orders for re-sale at wholesale pricing. If you run a retail outlet, gas station or campground we can supply bagged birch or mixed wood at competitive prices. For more information regarding wholesale pricing please [contact us](#).
